

Foundation for Ichthyosis & Related Skin Types
2009 Request for Proposals

Ichthyosis Research Grants

The Foundation for Ichthyosis & Related Skin Types is accepting applications for our Research Grant Program. Projects focused on investigations into the causes, treatments, and potential cures for ichthyosis will be considered. High priority will be given to proposals that focus on the translation of known genetic information and established pathogenic pathways into curative therapies or novel therapies with significant impact, particularly those proposals focused on Epidermolytic Hyperkeratosis and Lamellar Ichthyosis / Congenital Ichthyosiform Erythroderma.

Projects that focus on promising fundamental research, for which there is not yet a wealth of supporting data, will also be considered.

Awards in 2009 may range from \$25,000 to \$75,000.

Letter of Intent due February 18, 2009.

Applications are due March 30, 2009.

Funds for all grants will be available September 1, 2009.

Interested parties should email a letter of intent to info@scalyskin.org

Details of the Ichthyosis Research Grant Program can be found on the Foundation's website, www.scalyskin.org, or by calling 215-619-0670.
